

WEST ALLIS HEALTH DEPARTMENT SCHOOL HEALTH PROGRAM

MISSION

The West Allis Health Department will provide public health services to the West Allis-West Milwaukee School District to promote and protect the health of students and to prevent the spread of disease in the schools.

VISION

Optimal health and wellbeing for each student in the West Allis -West Milwaukee School District to optimize their educational opportunities

Public Health Services to the West Allis-West Milwaukee School District:

- Provide monitoring and consultation regarding the State of Wisconsin immunization requirements for schools to assure State immunization mandates are met and enforce the immunization laws as necessary
- Provide comprehensive communicable disease follow-up, education, and guidance to prevent the spread of disease in schools
- Provide health and community resource information to staff and families which may include home visits
- Provide vision and hearing screenings services to the students
- Provide dental screening services, including dental varnishing to the students
- Provide health education services to students and staff as requested
